

## ASKS \$10,000 FROM WIFE

Says It Is Worth That Much to Be Faithful Husband Seven Years

### SHE SUES FOR DIVORCE

By Sun Leased Wire.  
Bristol, N. H., Oct. 10.—William H. DeCato, a baseball pitcher, demands \$10,000 in payment for seven years wedded life from his wife, who is suing him for divorce, and as a recompense for his playing the part of a devoted husband.

This money, he declares, he will receive because of his agreement not to contest the divorce suit.

Mrs. Catherine DeCato is known as the richest woman in Bristol. Sixteen years ago while employed in the Mass-Park paper mills at Bristol, the head of the firm Charles A. Maser, fell in love with her and the wedding followed a year later. Mrs. DeCato was then sixteen. Four years later Mr. Maser died leaving her his fortune, estimated at about \$200,000 including his interest in the paper mills.

"Bill" DeCato is the son of Joseph H. DeCato, the village blacksmith.

## BIGGEST PAY ROLL IN TWO YEARS

CARNEGIE STEEL COMPANY WILL PAY OUT OVER \$300,000 NEXT WEEK.

### NEARLY TO CAPACITY

By Sun Leased Wire.  
Pittsburg, Oct. 10.—The bi-weekly pay of the Carnegie Steel company will be given out next week will be the largest that the company has handed out since the business depression of two years ago.

It is estimated that the next pay will reach \$300,000 or more. The increase is caused by the many men the company has added to its rolls since last pay day.

Similar conditions prevail at the National Tube company at their plants and their pay roll will equal that of the Carnegie company.

In the Monongahela valley operations are about 97 per cent of capacity and with the settlement of the cutters' and flatteners' strike at the plant of the American Window Glass company at Monongahela City the percentage will be materially increased, bringing it up to about one hundred per cent.

## THE PRESIDENT PREACHES ANOTHER SERMON

Listened to by 25,000 People—Japanese Residents of Fresno Give Letter of Welcome.

By Sun Leased Wire.  
Fresno, Cal., Oct. 10.—President Taft stopped here for three hours this afternoon on his way to Los Angeles and delivered a little sermon before one of the biggest audiences that he has faced on his trip.

All the church congregations in the city, Catholic and Protestant, joined in attending the service and to these were added thousands who dropped in from the surrounding country districts. The service was held in the city hall for no building in Fresno could begin to accommodate the crowd.

It is estimated that 25,000 people were standing before the open air pulpit. On the platform with Mr. Taft were all the clergymen in the city and a big choir.

The service was opened by repeating the Lord's prayer, the thousands standing with bowed heads and following the words of the leader made an impressive scene.

The president took as his text the Biblical quotation, "He who conquers himself is greater than he who taketh a city." The president applied the text to the political life of this nation.

The Japanese of the city of whom there are several hundred, handed a letter of welcome to the president. "We hail you, sir," the letter read, "as the honored chief of a great nation which we respect, and we rejoice that your beloved country has the honor and great privilege of reciprocating such fraternal regards."

The president's train left here at 6:30 o'clock this evening. He will arrive in Los Angeles early tomorrow morning and will remain there two days.

## UPHOLUS PEARY

Trotter Believes Peary Original Discoverer of Pole.

By Sun Leased Wire.  
Cordoba, Mass., Oct. 10.—Francis B. Trotter, a local sportsman, has a letter to Harvard law school after a letter in Labrador. He ran across Whiskey in the far north and also several times with Commander Peary.

He said tonight: "Commander Peary was a man who was the first to reach the pole. He looks upon Dr. Peary as a man trying to infringe upon his rights. His records should be destroyed."

He said: "I believe that the discovery of the pole was made by me."

He said: "I believe that the discovery of the pole was made by me."

He said: "I believe that the discovery of the pole was made by me."

He said: "I believe that the discovery of the pole was made by me."

He said: "I believe that the discovery of the pole was made by me."

## Girl Finds Father's Body In a Field

MISTOOK IT AT FIRST FOR SCARE CROW—BLOOD HOUNDS NOW HUNTING FOR MAN'S MURDERER.

By Sun Leased Wire.

Washington, Pa., Oct. 10.—"Look, somebody has knocked down papa's scare crow, so wait till I go over and set it up," exclaimed Miss Mary Heufnagel to a companion, as the two girls were walking along a path through a cornfield on their way to church near Paris, later screams from the young woman drew her companion to the spot. She found Miss Heufnagel stretched in a dead faint, beside the body of her father, which the daughter had mistaken for the scare crow.

The finding of the corpse revealed Charles Heufnagel's body and a shocking and mysterious murder. In the fence corner he was found literally hacked to pieces by his slayer. Decomposition had already set in, and it is the belief of the officers that the farmer had been dead for at least a week.

Heufnagel was one of the wealthiest residents of northern Washington county. So far as can be learned he had no enemies. Heufnagel left the big mansion on his farm near Paris on the morning of Thursday, Septem-

ber 30, to go to Pittsburg, where he expected to make a visit of a week or more with a sick daughter.

On his way to the train he took a short cut along a path through a cornfield. That was the last seen of him, and it is believed that he was waylaid and murdered.

Heufnagel, apparently, put up a desperate struggle for his life as the ground near the corpse was torn up and trampled. There has been no rain for two weeks in this section, and evidences of an encounter are easily discernable.

Heufnagel's left arm is broken, apparently, as he was struck by a blow from some heavy weapon. His face is laid open with long and jagged cuts and the head has almost been severed. Bruises were found all over the torso and head.

Heufnagel is said to have had large sums of money and some valuable papers in his clothing and these are missing, indicating robbery was the motive for the crime.

Coroner Heffran and District Attorney Miller and a county detective force have taken bloodhounds to the scene of the crime and officers in western Pennsylvania, Ohio and West Virginia are at work on the case.

Miss Heufnagel had not regained consciousness this afternoon, and her condition is serious.

Rear Admiral Robley D. Evans, retired commander of the American fleet on famous voyage "round the Horn to Frisco," who defends the navy against the charge of U. S. Representative Charles B. Landis that the marine force of the country is a "bluff."

## WOULD-BE JUDGE SHOT BY BROTHER

LATTER CLAIMS SHOOTING ACCIDENTAL—CIRCUMSTANCES POINT TO MURDER.

### A FEUD MAY RESULT

By Sun Leased Wire.

Lexington, Ky., Oct. 10.—J. G. Hurst, republican nominee for county judge of Breathitt county, who was brought to a local hospital two weeks ago, suffering from a gunshot wound, made a statement today in which he practically repudiated the statement of his brother Hannibal Hurst, that the shot was fired accidentally.

Immediately after the shooting Hannibal Hurst posted notices through Breathitt county that he had done the shooting and that it was an accident.

Today J. G. Hurst declared that the shot was fired through a window while he was in the act of building a fire in a stove and it is not believed that he is aware that his brother has confessed to the shooting.

Friends who heard the statement made by the dying man are of the opinion that the statement, to the effect that the brothers had quarreled had led to the shooting, was correct.

Hannibal Hurst has not yet been arrested, the officials of Breathitt county taking his word regarding the shooting and it is not known what effect the statement of the wounded man will have on the situation in the home county.

From all reports, however, it is believed that a family feud will develop.

## HARBERT PREDICTS A DEMO. VICTORY

ENTIRE TICKET HAS AN EXCELLENT CHANCE OF WINNING, HE SAYS.

Chairman Harbert is of the opinion that the Democrats have an excellent chance of electing their entire ticket, providing the proper work is done. The Republicans are still polling the different precincts, and the reports already received show there will be a large vote polled at the election.

Many of those who are dissatisfied with both nominees on the leading party tickets signify their intention of voting for the Socialist candidate for mayor, and members of this party say that they will have from 900 to 1000 votes in the city.

## DYING MAN CANNOT FIND OLD FRIEND

Although he has been searching nearly states during the last three months with letters and newspaper advertisements, Attorney Allen Cook has been unable to find the aged friend, for whom a dying local man is searching.

John Leggett and the Cantonian were boyhood friends, and the latter desires to see the other again. Many letters have been received from different John Leggetts, but the right one is yet to be found.

## GAYNOR SCORES HEARST

Declares New York Publisher Gave Him Double Croak in Politics.

By Sun Leased Wire.  
New York, Oct. 10.—Justice William J. Gaynor issued a statement tonight about William R. Hearst, and the report that he first had promised to support him if he decided to become a candidate for mayor. He said Hearst had promised him personally to support him and that Hearst's decision to run against him as an independent candidate is based on personal vanity and jealousy.

The justice's statement becomes the lack of faith displayed by Hearst and a fear that Hearst's millions may crush him, unless the voters realize the danger of corruption and rally to his support.

Anarchist Leader Sentenced to Die.

Paris, Oct. 11.—(Spl.)—A dispatch to the Mail from Madrid says a rumor is current that the court martial at Barcelona has sentenced Professor Ferrer, the anarchist leader, to death.

## MORSE NEARLY OUT OF DEBT

With Prison Doors Open He Starts to Make Another Fortune

### FRIENDS SAY HE WILL

By Sun Leased Wire.

New York, Oct. 10.—"It requires more pains to make a second fortune than does a first," Charles W. Morse was quoted as saying a few months ago, when the doors of the Tombs prison where he had been confined for many months swung open under an order from the federal court and he was allowed once more to take his way out more back to Wall street to make the job of getting back the fortune he had lost.

Over his head there hung then and still hangs the sentence of fifteen years imprisonment in the federal penitentiary which Morse received just a year ago after a jury in the United States circuit court had found him guilty of misapplication of funds of the national bank of which he was president.

But with this sentence hanging over his head, Morse has not been a bit deterred from getting after that fortune and now with the date when he must surrender himself to the court of appeals and learn its answer to his request for a new trial, only a few days away, Mr. Morse seems fairly well on his way to financial power and affluence.

This was shown the other day when he was elected president of the Hudson Navigation Company, which controls the lines on the Hudson river and with some of his friends quietly acquired the Metropolitan Steamship line, two of the companies which were taken away from him in those dark days when banks closed their doors and the financial community was heaping curses upon his head.

Powerful friends whose faith in him as a financial genius is unshaken are once more backing him.

It was announced yesterday by Mr. Morse that he had paid off about \$5,000,000 of his \$7,000,000 indebtedness. In becoming the head of the Metropolitan Steamship Company he has allied himself with the powerful financial interests behind the New Haven railroad, hence Wall street has once more put Mr. Morse on its list of men whose market factors.

In an interview recently Mr. Morse said that he was through with banking and that he would henceforth confine himself to steamship business.

There is no doubt now in the minds of his friends that if the courts only allow him to remain at liberty Mr. Morse will quickly become a multimillionaire as he was before the panic.

## DEATH'S TOLL FROM TRESPASSERS

NEARLY 50,000 KILLED IN TEN YEARS ON RAILROAD PROPERTY.

By Sun Leased Wire.  
New York, Oct. 10.—Trespassing on railroad property, in violation of the law, has been responsible for the deaths of 47,415 people in the United States in the last ten years. In the same period more than 50,000 trespassers were injured.

It is in view of these facts that many of the important railroads have determined to redouble their efforts to see that rigid enforcement of the law against trespassing be carried out. The same in England has reduced casualties to a minimum.

The number of people killed while trespassing on railroads has been increasing every year. In 1895, 4,063 trespassers lost their lives on American railroads; five years later the number was 5,000 and in 1907 the number killed was 5,612—more than 15 a day. These figures are taken from the international reports of the interstate commerce commission.

## PREPARING FOR MEETING OF THE PRESIDENTS

Persons Carrying Canes, Cameras, Suit Cases or Umbrellas Will Be Arrested.

By Sun Leased Wire.  
El Paso, Oct. 10.—Deciding as to the arrival of the secret service chiefs of the two nations that it would be impractical to have troops in the El Paso zone, the strip of El Paso territory in dispute with the Mexicans, the two nations have agreed to have an equal number of soldiers along the line of march during the exchange of visits of the two presidents next Saturday.

United States troops will be stationed along the line of march as guards and Mexican troops of equal numbers will escort President Diaz between the files of American troops through the disputed territory.

The local committee has issued orders that any one along the line of march of the presidents next Saturday carrying a cane, camera, suit case or umbrella will be arrested.

Archbishop Mueller's Narrow Escape.

Cincinnati, Oct. 10.—(Spl.)—Archbishop William H. Mueller of the Southern Ohio diocese of the Roman Catholic church, narrowly escaped being killed here today when an automobile in which he was riding, collided with a street car.

## MAY TRY TO TIE UP BIG PLANT

AMALGAMATED MEN SAID TO BE ARRANGING SECOND ATTACK IN MASSILLON.

### THE STORY IS DENIED

Massillon, O., Oct. 10.—It is reported that members of the Amalgamated Association of Iron, Steel & Tin workers headed by officers will next week march to this city on foot from Wheeling, Struthers and Bridgeport to make a second attempt to tie up the plant of the Massillon Rolling Mill company.

When members of the Amalgamated in this city were interviewed this evening none could be found who would confirm the story, but every one had heard it. It was said that such reports were current all week about the plant.

Officials of the company discredit the rumor on the ground that the officers who were here trying to bring about a strike reported to President McArdle at Pittsburgh that they had abandoned the fight on the grounds that the men refused to obey orders.

Representatives of the Industrial Workers of the World will attempt next Sunday afternoon the organization of the men at the local plant. The organization is opposed to the Amalgamated.

## SERIOUS CHARGE FILED AGAINST A MINISTER

Rev. W. L. Woodruff, former pastor of the English Lutheran church at Alliance, is in jail at Lorain, charged with obtaining money under false pretenses, through the alleged passing of forged checks.

The police say Rev. Woodruff was wanted in Saginaw, Mich., and Erie, Pa., for the passing of more than eighty checks, drawn by a mythical concern styled the Michigan Distributing Association.

Woodruff, the police say, mysteriously disappeared from Fort Wayne, Ind., a few months ago and was located a few weeks later by his wife in Indianapolis, Ind. He was critically ill and could not explain his absence.

The biggest victim of the alleged operations of the minister is the bank of Saginaw, located at Saginaw, Mich.

Evidence against Rev. Woodruff was furnished by the Cleveland Pinkerton agency, which has trailed him through several states in which he has acted as pastor of prominent churches.

## REPLENISHING STREAMS IN THE VICINITY OF CANTON

WARDEN SPEAKS COMES TO TOWN WITH CAR LOAD OF FISH—TALKS ON THE CONDITIONS.

"The secret of the supply of fish for this state is the prohibition of seines and nets," said Chief Game and Fish Warden General Speaks to a News man at the Courtland hotel Friday night.

General Speaks is in charge of a car now lying in the Baltimore and Ohio yards that is used to transport fish over the state to replenish the streams.

"We have replenished streams at Alliance, Beach City, Carrollton and Akron and will put some of our fish in the Muskegon creek. Judge Azabier and F. W. Pearson will act as a committee to direct the placing of the fish," he said.

## FEW PRISONERS AT "WORKS"

Smallest Number During Past Two Years Is Registered.

### FACTS ABOUT WORKS

There are seventy-three prisoners, six women and sixty-seven men, in the workhouse now, the smallest number during the last two years.

The highest number ever was 117 last winter, while the lowest was fifty-three, several years ago.

When a prisoner is brought to the workhouse he is thoroughly cleaned and provided with clothes absolutely clean. He is steamed for about ten minutes if necessary to kill off any small creepers he may have and is then given hard work.

No newspapers are allowed, as it is not thought best for the prisoners to keep well informed on current history. But magazines are provided in abundance, and these the prisoners read especially on Sunday and holidays, when there is no work to do.

At 3 o'clock all must go to bed and maintain silence. After that you can hear a pin fall in any part of the house. Religious services are held every two weeks in the chapel with Rev. Alfred Garber presiding.

"With the exception of those brought in sick, there has been practically no illness here," Mr. Boyer said, "as the food is well prepared and everything is kept hygienic."

George Miller, a patient brought over from the Alliance hospital and charged with murder, declares his innocence of the crime whenever anyone approaches him.

Henry Hartman of Cleveland is the only prisoner now serving time there on the sentence of a federal court. He was convicted of violating the pure food laws.

William Rigdon of Columbiana county is serving the longest sentence, he having commenced his term on July 16, 1908, to remain until July 25, 1913.

## FOR MORE CLEANLINESS

Commissioner Dunlap Will Inaugurate Campaign for Better Methods

Columbus, O., Oct. 10.—State Dairy and Food Commissioner Hendrick W. Dunlap proposes to inaugurate a campaign against the careless manner in which meat is being handled through the state, especially in public markets.

He does not believe that municipal authorities are taking care of the matter, and the fact that it is allowed to continue he believes to be a menace to health.

In city markets the meat is usually cut up and placed on a stand for sale without covering. The customers are not prohibited from handling it, and this seems to be the unclean proposition with which he is confronted. Besides, the meat is not protected from dust and dirt from the streets, allowing it to be affected with disease germs.

Unless he can accomplish his purpose under the section of the statutes governing the sanitation of foodstuffs, which he proposes to attempt, he will appeal to the next session of the general assembly for a law on the subject.

## DEFENDS THE CHURCH

Rev. E. P. Herbruck Says Many Have Wrong Conception of It.

"The reason most men refuse to attend church is because they have a wrong conception of its spirit and purpose," declared Rev. E. P. Herbruck in the Trinity reformed church Sunday evening.

"They forget," he continued, "that the soul of all improvement is the improvement of the soul."

"It is true the church has some faults which ought to be, can be, and will be corrected. It is true, too, that there are some people in church who ought not to be there, but we do not reject all money because some is counterfeit, neither do we condemn the beautiful rose because there is a worm eating in every bud. The members of a church, for there are a few unworthy persons in many congregations, and compare them with the best men outside the church. But if you will compare the best men in the church with the best outside, then I am never afraid of the result of the comparison."

WILKESBARRE.—Mrs. William Fairchild, wife of a farmer living near Dushore, was burned to death today while fighting a rapidly spreading brush fire in the woods near her home.

## STORM REVEALS PIRATE GOLD

White Buried Wealth of La Believed to Have Been Found

### GOLD AND SILVER COIN

By Sun Leased Wire.  
Merida, Yucatan, Mexico, Oct. 10.—A recent storm along the coast of Yucatan is believed to have uncovered from beach at Puerto Celestun, the pirate wealth of La Pinta, who died at Yucatan.

Soon after the storm subsided, the crews of the boats began picking up many gold and silver coins of English and Spanish make and bearing dates the early part of the last century. These coins are scattered all along the beach at Puerto Celestun and several thousand dollars of them have so far been collected.

## CORPORATION TAX LAW SHOULD BE AMENDED

American Association of Public Accountants, Through Its Officers, Says So.

By Sun Leased Wire.  
New York, Oct. 10.—A letter has been sent to the members of the American Association of Public
